

A good law in your country

Describe a good law in your country.

You should say

what the law is

how you first learned about this law (or, how you know about this law)

who benefits from this law (or, who is affected by this law)

and explain why you think this is a good law.

Part 3

The Law

- Can you give any examples of what is illegal in your country?
- Do all the people in your country obey the law?
- Many people think that an occasional and minor breach of the law is OK. Do you agree?
- What would you say is the role (or purpose) of the law in society?
- If there were no laws, what do you think society would be like?

Lawyers and the Police

- What kinds of people become police officers?
- Would you say kindness is an important quality in a police officer?
- Do you think a police force should include both men and women?
- Would you say police officers are (or, should be) well-paid?
