

### **A time you looked for information on the Internet**

**Describe a time you looked for (= searched for) information on the Internet.**

You should say:

when it was

what you searched for

how long it took you

and explain why you used the internet to search for this information \*

or

and explain why you searched for (or, why you wanted) this information.

### **Part 3**

- What kinds of information can you (= we) find on the internet?
- What would you say are the advantages of searching for information on the internet?
- Do you think there are any disadvantages from searching the internet for information?
- Has the way people get (or, find) information changed in the past few decades?
- What would you say are the differences between getting information from a library and getting it from a newspaper?
