

Something You Borrowed

Describe a time when you borrowed something.

You should say:

what you borrowed

who you borrowed it from

what you used it for (how it was useful to you)

how long you borrowed it for

and explain why you borrowed it.

Part 3

Lending and Borrowing

- What are some examples of occasions when a person borrows something from someone else?
- Do you think people borrow things more from their family members, or from the neighbours?
- What do you think are some possible problems that can arise when people borrow things?
- What would you do if someone didn't return some money they had borrowed from you?
- Why do you think (many) people feel embarrassed when they borrow money from others?
- Can you explain why some people prefer to borrow things instead of buying them?
- Do you think borrowing is a good habit?

- Do you think it would be a good idea to have a society where people owned fewer things and, instead, borrowed most things that they need?
